On June 14, 2016, a special meeting by teleconference was scheduled in order to call an executive session to discuss a personnel matter. A majority of the Board members called into the conference line as scheduled even though there was an attempt made to recall the email message scheduling the special board meeting.

The topics on the agenda proposed for the June 14, 2016 special meeting were not discussed. The only discussion by the Board was to reschedule the meeting for another date and time because the notice to the public was not deemed sufficient by the Board. No other discussion of the business or affairs of the Board took place. Board members stated they were able to attend a special meeting on June 15, 2016 at 8:30 a.m. The meeting was rescheduled for that date and time. Notification to the public who requested notice was sent on June 14, 2016.

No Board action was taken on this teleconference call.
