Providing Notice of Intent to Finance and Construct Transmission Facilities

Private entities willing and able to finance, own and construct the facilities described in the public notice at <http://www.kansas.gov/keta/Notice.shtml> must provide written notice of their intention no later than 5:00 PM CST November 13, 2007. The notice must be sent to the address below to the attention of Mary Galligan.

Such notice must include the name and corporate structure of the entity with a description of the entity's authority to finance, own and constuct electric transmission facilities in Kansas. The notice also must include a description of the facilities to be constructed and the anticipated completion date of the facilities. Any such notice must identify the responsible corporate officer who may be contacted by KETA to obtain additional information regarding the intent to construct.

Questions regarding the notification of intent may be directed to Mary Galligan whose contact information is below.
