

FLOOD PSA – 1

Spring flooding is an expected occurrence in Kansas, making it critical we know what to do to protect ourselves and our families.

I'm Major General Tod Bunting, Adjutant General and Director of Kansas Emergency Management.

Statistics show many more Kansas properties sustain flood damage every year than fire damage. Be sure you have flood insurance and know what it covers. Keep an emergency kit with food, water and medicine in your home and car, always have a full tank of gas in case you need to evacuate quickly, and never drive into flooded areas or flooded roadways.
