Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 79-503a is hereby amended to read as follows: 79-503a. "Fair market value" means the amount in terms of money that a well informed buyer is justified in paying and a well informed seller is justified in accepting for property in an open and competitive market, assuming that the parties are acting without undue compulsion. In the determination of fair market value of any real property which is burdened by any special assessment, the sales value thereof, and the sales value of any comparable real property so burdened, shall not include the present value of any such special assessment. For the purposes of this definition it will be assumed that consummation of a sale occurs as of January 1.

Sales in and of themselves shall not be the sole criteria of fair market value but shall be used in connection with cost, income and other factors including but not by way of exclusion:

(a) The proper classification of lands and improvements;
(b) the size thereof;
(c) the effect of location on value;
(d) depreciation, including physical deterioration or functional, economic or social obsolescence;
(e) cost of reproduction of improvements;
(f) productivity;
(g) earning capacity as indicated by lease price, by capitalization of net income or by absorption or sell-out period;
(h) rental or reasonable rental values;
(i) sale value on open market with due allowance to abnormal inflationary factors influencing such values;
(j) restrictions imposed upon the use of real estate by local governing bodies, including zoning and planning boards or commissions; and
(k) comparison with values of other property of known or recognized value. The assessment-sales ratio study shall not be used as an appraisal for appraisal purposes.

The appraisal process utilized in the valuation of all real and tangible personal property for ad valorem tax purposes shall conform to generally accepted appraisal procedures which are adaptable to mass appraisal and consistent with the definition of fair market value unless otherwise specified by law.

Sec. 2. K.S.A. 79-503a is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the statute book.

Except as otherwise provided in this subsection, a pupil in attendance full time shall be counted as one pupil. A pupil in attendance part time shall be counted as that proportion of one pupil (to the nearest 1/10) that the pupil's attendance bears to full-time attendance. A pupil attending kindergarten shall be counted as 1/2 pupil. A pupil enrolled in and attending an institution of postsecondary education which is authorized under the laws of this state to award academic degrees shall be counted as one pupil if the pupil's postsecondary education enrollment and attendance together with the pupil's attendance in either of the grades 11 or 12 is at least 1/2 time, otherwise the pupil shall be counted as that
proportion of one pupil (to the nearest $\frac{1}{10}$) that the total time of
the pupil's postsecondary education attendance and attendance in
grade 11 or 12, as applicable, bears to full-time attendance. A pupil
enrolled in and attending an area vocational school, area voca-
tional-technical school or approved vocational education program
shall be counted as one pupil if the pupil's vocational education
enrollment and attendance together with the pupil's attendance in
any of grades nine through 12 is at least $\frac{5}{6}$ time, otherwise the
pupil shall be counted as that proportion of one pupil (to the near-
est $\frac{1}{10}$) that the total time of the pupil's vocational education at-
tendance and attendance in any of grades nine through 12 bears
to full-time attendance. A pupil enrolled in a district and attending
special education and related services, except special education and
related services for preschool-aged exceptional children, provided
for by the district shall be counted as one pupil. A pupil enrolled
in a district and attending special education and related services for
preschool-aged exceptional children provided for by the district
shall be counted as $\frac{1}{2}$ pupil. A preschool-aged at-risk pupil en-
rolled in a district and receiving services under an approved at-
risk pupil assistance plan maintained by the district shall be
counted as $\frac{1}{2}$ pupil. A pupil in the custody of the secretary of social
and rehabilitation services and enrolled in unified school district
No. 259, Sedgwick county, Kansas, but housed, maintained, and
receiving educational services at the Judge James V. Riddel Boys
Ranch, shall be counted as two pupils. A pupil residing at the Flint
Hills job corps center shall not be counted. A pupil confined in and
receiving educational services provided for by a district at a ju-
venile detention facility shall not be counted. A pupil enrolled in
a district but housed, maintained, and receiving educational serv-
ces at a state institution shall not be counted.

(b) "Preschool-aged exceptional children" means exceptional
children, except gifted children, who have attained the age of
three years but are under the age of eligibility for attendance at
kindergarten.

c) "At-risk pupils" means pupils who are eligible for free meals
under the national school lunch act and who are enrolled in a dis-

(d) "Preschool-aged at-risk pupil" means an at-risk pupil who
has attained the age of four years, is under the age of eligibility
for attendance at kindergarten, and has been selected by the state
board in accordance with guidelines consonant with guidelines
governing the selection of pupils for participation in head start
programs. The state board shall select not more than 1,794 pre-
school-aged at-risk pupils to be counted in the 1999-2000 school year and
not more than 2,230 preschool-aged at-risk pupils to be
counted in any school year thereafter.

(e) "Enrollment" means, for districts scheduling the school days
or school hours of the school term on a trimestral or quarterly
basis, the number of pupils regularly enrolled in the district on
September 20 plus the number of pupils regularly enrolled in the
district on February 20 less the number of pupils regularly en-
rolled on February 20 who were counted in the enrollment of the
district on September 20; and for districts not hereinbefore spec-
ified, the number of pupils regularly enrolled in the district on
September 20. Notwithstanding the foregoing, if enrollment in a
district in any school year has decreased from enrollment in the
preceding school year, enrollment of the district in the current
school year means whichever is the greater of (1) enrollment in
the preceding school year minus enrollment in such school year of
preschool-aged at-risk pupils, if any such pupils were enrolled,
plus enrollment in the current school year of preschool-aged at-
risk pupils, if any such pupils are enrolled, or (2) the sum of en-
rollment in the current school year of preschool-aged at-risk pu-
pils, if any such pupils are enrolled and the average (mean) of the
sum of (A) enrollment of the district in the current school year
minus enrollment in such school year of preschool-aged at-risk pu-
pils, if any such pupils were enrolled and (B) enrollment in the pre-
ceding school year minus enrollment in such school year of pre-
school-aged at-risk pupils, if any such pupils were enrolled and (C)
enrollment in the school year next preceding the preceding school
year minus enrollment in such school year of preschool-aged at-
risk pupils, if any such pupils were enrolled.

(f) "Adjusted enrollment" means enrollment adjusted by adding
at-risk pupil weighting, program weighting, low enrollment
weighting, if any, correlation weighting, if any, school facilities
weighting, if any, ancillary school facilities weighting, if any, and
transportation weighting to enrollment.

(g) "At-risk pupil weighting" means an addend component as-
signed to enrollment of districts on the basis of enrollment of at-
risk pupils.

(h) "Program weighting" means an addend component assigned
to enrollment of districts on the basis of pupil attendance in edu-
cational programs which differ in cost from regular educational
programs.

(i) "Low enrollment weighting" means an addend component
assigned to enrollment of districts having under 1,725 1,690 en-
rollment on the basis of costs attributable to maintenance of educational programs by such districts in comparison with costs attributable to maintenance of educational programs by districts having 1,725 or over enrollment.

(j) “School facilities weighting” means an addend component assigned to enrollment of districts on the basis of costs attributable to commencing operation of new school facilities. School facilities weighting may be assigned to enrollment of a district only if the district has adopted a local option budget and budgeted therein the total amount authorized for the school year. School facilities weighting may be assigned to enrollment of the district only in the school year in which operation of a new school facility is commenced and in the next succeeding school year.

(k) “Transportation weighting” means an addend component assigned to enrollment of districts on the basis of costs attributable to the provision or furnishing of transportation.

(l) “Correlation weighting” means an addend component assigned to enrollment of districts having 1,725 or over enrollment on the basis of costs attributable to maintenance of educational programs by such districts as a correlate to low enrollment weighting assigned to enrollment of districts having under 1,725 enrollment.

(m) “Ancillary school facilities weighting” means an addend component assigned to enrollment of districts to which the provisions of K.S.A. 2000 Supp. 72-6441, and amendments thereto, apply on the basis of costs attributable to commencing operation of new school facilities. Ancillary school facilities weighting may be assigned to enrollment of a district only if the district has levied a tax under authority of K.S.A. 2000 Supp. 72-6441, and amendments thereto, and remitted the proceeds from such tax to the state treasurer. Ancillary school facilities weighting is in addition to assignment of school facilities weighting to enrollment of any district eligible for such weighting.

(n) “Juvenile detention facility” means any community juvenile corrections center or facility, the Forbes Juvenile Attention Facility, the Sappa Valley Youth Ranch of Oberlin, Salvation Army/Koch Center Youth Services, the Clarence M. Kelley Youth Center, Trego County Secure Care Center, St. Francis Academy at Atchison, St. Francis Academy at Ellsworth, St. Francis Academy at Salina, and St. Francis Center at Salina.

(b) "Base state aid per pupil" means an amount of state financial aid per pupil. Subject to the other provisions of this subsection, the amount of base state aid per pupil is $3,770 in the 1999-2000 school year and $3,820 in the 2000-01 school year and in school years thereafter $3,930 in the 2001-02 school year and $4,060 in the 2002-03 school year and in school years thereafter. The amount of base state aid per pupil is subject to reduction commensurate with any reduction under K.S.A. 75-6704, and amendments thereto, in the amount of the appropriation from the state general fund for general state aid. If the amount of appropriations for general state aid is insufficient to pay in full the amount each district is entitled to receive for any school year, the amount of base state aid per pupil for such school year is subject to reduction commensurate with the amount of the insufficiency.

(c) "Success in school state aid" means an amount of state financial aid per pupil. The amount of success in school state aid is $44. To be eligible for success in school state aid, a district must establish and maintain an extended learning time plan for any or all of the following purposes: (1) Providing pupils with additional time to achieve learner exit or improvement plan outcomes; (2) giving pupils remedial instruction or independent study assistance; (3) affording pupils an opportunity to attain or enhance proficiency in the basic or higher order thinking skills. The plan may schedule the required extended learning time before or after regular school hours, on weekends and during the summer months. The plan must include intensive interventions for K-3 pupils needing assistance in achieving mastery of basic reading, writing and mathematics skills and an evaluation procedure designed to measure effectiveness of the plan in enabling pupils to succeed in school and must be submitted to and approved by the state board. In order to assist districts in the establishment and maintenance of an extended learning time plan, each pupil needing assistance in achieving mastery of basic reading, writing and mathematics skills shall be encouraged to obtain an eye examination by an optometrist or ophthalmologist to determine if the pupil suffers from conditions which impair the ability to read. Expense for such examination, if not reimbursed through Medicaid, Healthwave, private insurance or other governmental or private program, shall be the responsibility of the pupil's parent.

(d) "Local effort" means the sum of an amount equal to the proceeds from the tax levied under authority of K.S.A. 72-6431, and amendments thereto, and an amount equal to any unexpended and unencumbered balance remaining in the general fund of the
district, except amounts received by the district and authorized to be expended for the purposes specified in K.S.A. 72-6430, and amendments thereto, and an amount equal to any unexpended and unencumbered balances remaining in the program weighted funds of the district, except any amount in the vocational education fund of the district if the district is operating an area vocational school, and an amount equal to any remaining proceeds from taxes levied under authority of K.S.A. 72-7056 and 72-7072, and amendments thereto, prior to the repeal of such statutory sections, and an amount equal to the amount deposited in the general fund in the current school year from amounts received in such year by the district under the provisions of subsection (a) of K.S.A. 72-1046a, and amendments thereto, and an amount equal to the amount deposited in the general fund in the current school year from amounts received in such year by the district pursuant to contracts made and entered into under authority of K.S.A. 72-6757, and amendments thereto, and an amount equal to the amount credited to the general fund in the current school year from amounts distributed in such year to the district under the provisions of articles 17 and 34 of chapter 12 of Kansas Statutes Annotated and under the provisions of articles 42 and 51 of chapter 79 of Kansas Statutes Annotated, and an amount equal to 75% of the federal impact aid of the district.

Federal impact aid’ means an amount equal to the federally qualified percentage of the amount of moneys a district receives in the current school year under the provisions of title I of public law 874 and congressional appropriations therefor, excluding amounts received for assistance in cases of major disaster and amounts received under the low-rent housing program. The amount of federal impact aid defined herein as an amount equal to the federally qualified percentage of the amount of moneys provided for the district under title I of public law 874 shall be determined by the state board in accordance with terms and conditions imposed under the provisions of the public law and rules and regulations thereunder.

Sec. 3. On July 1, 2001, K.S.A. 2000 Supp. 72-6412 shall be and is hereby amended to read as follows: 72-6412. The low enrollment weighting of each district with under 1,725 enrollment shall be determined by the state board as follows:

(a) Determine the amount of the median budget per pupil for the 1991-92 school year of districts with 75-125 enrollment in such school year;

(b) determine the amount of the median budget per pupil for
the 1991-92 school year of districts with 200-399 enrollment in
such school year;
(c) determine the amount of the median budget per pupil for
the 1991-92 school year of districts with 1,900 or over enrollment;
(d) prescribe a schedule amount for each of the districts by pre-
paring a schedule based upon an accepted mathematical formula
and derived from a linear transition between (1) the median budg-
ets per pupil determined under (a) and (b), and (2) the median
budgets per pupil determined under (b) and (c). The schedule
amount for districts with 0-99 enrollment is an amount equal to
the amount of the median budget per pupil determined under (a).
The schedule amount for districts with 100-299 enrollment is the
amount derived from the linear transition under (1). The schedule
amount for districts with 300-1,899 enrollment is the amount de-
derived from the linear transition under (2);
(e) for districts with 0-99 enrollment:
(1) Subtract the amount determined under (c) from the amount
determined under (a);
(2) divide the remainder obtained under (1) by the amount de-
termined under (c);
(3) multiply the quotient obtained under (2) by the enrollment
of the district in the current school year. The product is the low
enrollment weighting of the district;
(f) for districts with 100-299 enrollment:
(1) Subtract the amount determined under (c) from the schedule
amount of the district;
(2) divide the remainder obtained under (1) by the amount de-
termined under (c);
(3) multiply the quotient obtained under (2) by the enrollment
of the district in the current school year. The product is the low
enrollment weighting of the district;
(g) for districts with 300-1,689 enrollment:
(1) Subtract the amount determined under (c) from the schedule
amount of the district;
(2) divide the remainder obtained under (1) by the amount de-
termined under (c);
(3) multiply the quotient obtained under (2) by the enrollment
of the district in the current school year. The product is the low
enrollment weighting of the district.
Sec. 4. On July 1, 2001, K.S.A. 72-6413 shall be and is hereby
amended to read as follows: 72-6413. The program weighting of
each district shall be determined by the state board as follows:
(a) Compute full time equivalent enrollment in programs of bi-
lingual education and multiply the computed enrollment by 0.2;
(b) compute full time equivalent enrollment in approved voca-
tional education programs and multiply the computed enrollment
by 0.5;
(c) add the products obtained under (a) and (b). The sum is the
program weighting of the district.
(d) The provisions of this section shall take effect and be in force from
and after July 1, 1992.

Sec. 5. On July 1, 2001, K.S.A. 2000 Supp. 72-6414 shall be and
is hereby amended to read as follows: 72-6414. (a) The at-risk pupil
weighting of each district shall be determined by the state board
by multiplying the number of at-risk pupils included in enrollment
of the district by .09 .11. The product is the at-risk pupil weighting
of the district.
(b) Except as provided in subsection (d), of the amount a district re-
ceives from the at-risk pupil weighting, an amount produced by a pupil
weighting of .01 shall be used by the district for achieving mastery of
basic reading skills by completion of the third grade in accordance with
standards and outcomes of mastery identified by the state board under
(c) A district shall include such information in its at-risk pupil assis-
tance plan as the state board may require regarding the district's reme-
diation strategies and the results thereof in achieving the third grade
reading standards and outcomes of mastery identified by the state board.
The reporting requirements shall include information documenting re-
mediation strategies and improvement made by pupils who performed
below the expected standard on the second grade diagnostic reading test
prescribed by the state board.
(d) A district whose pupils substantially achieve the state board stan-
dards and outcomes of mastery of reading skills upon completion of third
grade may be released, upon request, by the state board from the require-
ments of subsection (b).

Sec. 6. On July 1, 2001, K.S.A. 2000 Supp. 72-6431 shall be and
is hereby amended to read as follows: 72-6431. (a) The board of
each district shall levy an ad valorem tax upon the taxable tangible
property of the district in the school years specified in subsection
(b) for the purpose of:
(1) Financing that portion of the district's general fund budget
which is not financed from any other source provided by law;
(2) paying a portion of the costs of operating and maintaining
public schools in partial fulfillment of the constitutional obligation
of the legislature to finance the educational interests of the state; and
(3) with respect to any redevelopment district established prior
to July 1, 1997, pursuant to K.S.A. 12-1771, and amendments

issued by cities under authority of K.S.A. 12-1774, and amend-
ments thereto, for the financing of redevelopment projects upon
property located within the district.

(b) The tax required under subsection (a) shall be levied at a rate
of 20 mills in the 1999-2000 school year and in the 2000-01
2002-03 school year.

(c) The proceeds from the tax levied by a district under authority
of this section, except the proceeds of such tax levied for the pur-
pose of paying a portion of the principal and interest on bonds
issued by cities under authority of K.S.A. 12-1774, and amend-
ments thereto, for the financing of redevelopment projects upon
property located within the district, shall be deposited in the gen-
eral fund of the district.

(d) On June 1 of each year, the amount, if any, by which a dis-
trict's local effort exceeds the amount of the district's state finan-
cial aid, as determined by the state board, shall be remitted to the
state treasurer. Upon receipt of any such remittance, the state
treasurer shall deposit the same in the state treasury to the credit
of the state school district finance fund.

is hereby amended to read as follows: 72-6442. The correlation
weighting of each district with 1,725 or over enrollment shall
be determined by the state board as follows:

(a) Determine the schedule amount for a district with 1,725 enrollment as derived from the linear transition under (d) of K.S.A.
72-6412, and amendments thereto, and subtract the amount de-
termined under (c) of K.S.A. 72-6412, and amendments thereto,
from the schedule amount so determined;

(b) divide the remainder obtained under (a) by the amount de-
termined under (c) of K.S.A. 72-6412, and amendments thereto,
and multiply the quotient by the enrollment of the district in the
current school year. The product is the correlation weighting of
the district.

Sec. 8. On July 1, 2001, K.S.A. 2000 Supp. 79-201x shall be and
is hereby amended to read as follows: 79-201x. For taxable years
1999 2001 and 2000 2002, the following described property, to the
extent herein specified, shall be and is hereby exempt from the
property tax levied pursuant to the provisions of K.S.A. 72-6431,
HB 2064—Am. by HCW

Sec. 9. On July 1, 2001, K.S.A. 2000 Supp. 72-1398 shall be and is hereby amended to read as follows: 72-1398. Teachers who have attained certification from the national board shall be issued a master teacher’s certificate by the state board of education. A master teacher’s certificate shall be valid for 10 years and renewable thereafter every 10 years through compliance with continuing education and professional development requirements prescribed by the state board. Teachers who have attained certification from the national board and who are employed by a school district shall be paid an incentive bonus in the amount of $1,000, $5,000 each school year, not exceeding 10 years, that the teacher remains employed by a school district and retains a valid master teacher’s certificate. Each school district employing one or more national board certified teachers shall be entitled to an incentive grant in the amount of $3,000 for each such teacher in each school year that such teacher or teachers retain eligibility for payment of an incentive bonus.

(b) The board of education of each school district employing one or more national board certified teachers shall pay the incentive bonus to each such teacher in each school year that the teacher retains eligibility for such payment. Each board of education which has made payments of incentive bonuses to national board certified teachers under this subsection may file an application with the state board of education for state aid and shall certify to the state board the amount of such payments. The application and certification shall be on a form prescribed and furnished by the state board, shall contain such information as the state board shall require and shall be filed at the time specified by the state board.

(c) In each school year, each school district employing one or more national board certified teachers is entitled to receive from appropriations for the national board for professional teaching standards certification incentive program an amount which is equal to the amount certified to the state board of education in accordance with the provisions of subsection (b) and an amount which is equal to the product obtained by multiplying $3,000 by the number of national board certified teachers receiving an incentive bonus in
accordance with the provisions of subsection (b). The state board shall certify to the director of accounts and reports the amount due each school district. The director of accounts and reports shall draw warrants on the state treasurer payable to the treasurer of each school district entitled to payment under this section upon vouchers approved by the state board.

(d) An amount equal to 5/8 of the amount of moneys received by a board of education under this section shall be deposited in the general fund of the school district. Moneys deposited in the general fund of the school district under this subsection shall be considered reimbursements to the district for the purpose of the school district finance and quality performance act and may be expended whether the same have been budgeted or not. The remaining amount of moneys received by a board of education under this section shall be deposited in the inservice education fund of the district and expended for the provision of staff development programs in the schools in which national board certified teachers are located.

(e) As used in this section, the term school district means any school district organized and operating under the laws of this state.

(b) (1) The state board of education shall adopt rules and regulations for administration of the provisions of this act and shall develop and prescribe criteria for determination and recognition of exemplary schools.

(2) In each school year, each school recognized as an exemplary school by the state board of education shall be entitled to an exemplary school recognition award in an amount to be determined by the state board of education within limits of appropriations made for the exemplary schools recognition program. The amount
of the award shall not exceed an amount equal to $50 per pupil in
attendance at the exemplary school and shall be paid to the board
of education having jurisdiction over the exemplary school, de-
posited in the general fund of the school district and credited to
the account of the exemplary school. All amounts received by a
school district and credited to the account of an exemplary school
may be expended whether the same have been budgeted or not
and amounts so expended shall not be considered operating ex-
penses of the school district. The school site council of an exem-
plary school shall determine the purposes for which the award
shall be expended.

(3) Each school district which receives one or more exemplary
school recognition awards shall make such periodic and special
reports of statistical information to the state board as it may
request.

(c) (1) Periodically, but not less often than biennially, the state
board of education shall study, review and consider data and other
information collected by school districts under the quality per-
formance accreditation system in order to determine the extent to
which pupils are demonstrating attainment or significant and con-

lish and maintain an alternative teacher compensation plan and
apply for a grant of state moneys for the purpose of financing all
or a portion of the amount budgeted for maintenance of the plan.

(2) In order to be eligible to receive a grant of state moneys for
the maintenance of an alternative teacher compensation plan, a
board of education shall submit to the state board of education an
application for a grant and a description of the plan. The application and description shall be prepared in such form and manner as the state board shall require and shall be submitted at a time to be determined and specified by the state board. Approval by the state board of the plan and the application is prerequisite to the award of a grant.

In no event shall the amount of a grant to a school district exceed the amount budgeted and expended by the school district in the maintenance of a plan. Upon receipt of a grant of state moneys for maintenance of an alternative teacher compensation plan, the amount of the grant shall be deposited in the general fund of the school district. Moneys deposited in the general fund of a school district under this subsection shall be considered reimbursements for the purpose of the school district finance and quality performance act.

(d) The state board of education may provide any board, upon request, with technical advice and assistance regarding the estab-

New Sec. 12. The state board of education shall provide for a professional evaluation of school district finance to determine the per pupil cost of a suitable education for Kansas children. The evaluation shall include a thorough study of the school district finance and quality performance act with the objective of addressing inadequacies and inequities inherent in the act. In addition the evaluation shall address the following objectives:

(1) A determination of the funding needed to provide a suitable education in typical K-12 schools of various sizes and locations;
(2) a determination of the additional support needed for special education, at-risk, limited English proficient pupils and pupils impacted by other special circumstances;
(3) a determination of funding adjustments necessary to ensure comparable purchasing power for all districts, regardless of size or location; and
(4) a determination of an appropriate annual adjustment for inflation.

(b) In addressing the objectives of the evaluation as specified in subsection (a), consideration shall be given to:

(1) The cost of providing comparable opportunities in the state's small rural schools as well as the larger, more urban schools, including differences in transportation needs resulting from population sparsity as well as differences in annual operating costs;
(2) the cost of providing suitable opportunities in elementary, middle and high schools;
(3) the additional costs of providing special programming opportunities, including vocational education programs;
(4) the additional cost associated with educating at-risk children and those with limited English proficiency;
(5) the additional cost associated with meeting the needs of pupils with disabilities; and
(6) the geographic variations in costs of personnel, materials, supplies and equipment and other fixed costs so that districts across the state are afforded comparable purchasing power.

(c) The state board of education shall secure consultant services to conduct the professional evaluation of school district finance required by this section and provide for a presentation to the governor and the legislature of the findings of the evaluation along with recommendations for components of a school district finance
plan that will fulfill the state's obligation to provide a suitable edu-
cation for Kansas children. The findings of the evaluation and
recommendations shall be presented to the governor and the leg-
islature at the beginning of the 2002 legislative session.

(d) For the purpose of the professional evaluation of school dis-
trict finance, the term "suitable education" means a curricular
program consisting of the subjects and courses required under the
provisions of K.S.A. 72-1101, 72-1103 and 72-1117, and amend-
ments thereto, the courses in foreign language, fine arts and phys-

provisions of K.S.A. 72-6810 through 72-6816, and amendments
thereto, and the courses included in the precollege curriculum
prescribed by the board of regents under the provisions of K.S.A.
76-717, and amendments thereto.

Sec. 13. On July 1, 2001, K.S.A. 72-1106 shall be and is hereby
amended to read as follows: 72-1106. (a) Subject to the other pro-
visions of this section, a school term during which public school
shall be maintained in the 1992-93 each school year by each school

school day shall consist of not less than six hours. The minimum number
of school days in a school term shall be increased by two school days in
the 1993-94 school year. The school term in school years commencing
after June 30, 1994, shall consist of not less than 186 school days for
pupils attending kindergarten or any of the grades one through 11
and not less than 181 school days for pupils attending grade 12.

(b) Subject to a policy developed and adopted by it, the board
of any school district may provide for a school term consisting of
school hours. A school term provided for in a policy adopted under
this subsection shall consist of: (1) For pupils attending kindergar-
ten, not less than 452½ school hours in the 1992-93 school year, not
less than 457¼ school hours in the 1993-94 school year, and not less than
465 school hours in each school year commencing after June 30, 1994;
and (2) for pupils attending any of the grades one through 11, not
less than 1,086 school hours in the 1992-93 school year, not less than
1,098 school hours in the 1993-94 school year, and not less than 1,116

1993-94 school year, and not less than 1,086 school hours in each school year commencing after June 30, 1994. Each board of education which develops and adopts a policy providing for a school term in accordance with this subsection shall notify the state board of education thereof on or before September 15 in each school year for which the policy is to be in effect.

(c) Subject to a plan developed and adopted by it, the board of any school district may schedule the school days required for a school term provided for under subsection (a), or the school hours required for a school term provided for in a policy adopted under subsection (b), on a trimestral or quarterly basis. Each board of education which develops and adopts a plan providing for the scheduling of the school days or school hours of the school term on a trimestral or quarterly basis shall submit the plan to the state board of education for approval prior to implementation. The plan shall be prepared in such form and manner as the state board shall require and shall be submitted at a time or times to be determined and specified by the state board.

(d) Subject to a policy developed and adopted by the board of any district as a part of the district's disciplinary policy or school improvement plan, the board may schedule school days in addition to the school days scheduled for a school term provided for under subsection (a), or school hours in addition to the school hours scheduled for a school term provided for in a policy adopted under subsection (b), or both such additional school days and school hours for pupils who are in need of remedial education or who are subject to disciplinary measures imposed under the district's disciplinary policy. Any school day or school hour scheduled for a pupil under a policy adopted under this subsection may be scheduled on weekends, before or after regular school hours, and during the summer months. Inexcusable absence from school on any school day or during any school hour by any pupil for whom additional school days or school hours have been scheduled under a policy adopted under this subsection shall be counted as an inexcusable absence from school for the purposes of K.S.A. 72-1113, and amendments thereto.

(e) If the board of any school district, or its designee, shall determine that inclement weather will cause hazardous driving conditions, the board, or its designee, may close any or all of the schools within the district. The amount of time pupils have been in attendance when such determination is made shall be considered a school day of a school term or shall be considered the number of school hours for pupils to be in attendance at school in a day, whichever is applicable. Consonant with the other provisions of this section, a board may schedule any number of days or hours
in excess of the regularly scheduled school days or school hours which the board determines will be necessary to compensate for those school days or school hours that schools of the district will remain closed during the school term due to hazardous driving conditions. If the number of days or hours schools remain closed due to hazardous driving conditions exceeds the number of days or hours scheduled by the board to compensate for such school days or school hours, the excess number of days or hours, not to exceed whichever is the lesser of (1) the number of compensatory days or hours scheduled by the board or (2) five days or the number of school hours regularly scheduled in five days, that schools remain closed due to such conditions shall be considered school days or school hours.

(c) The state board of education may waive the requirements of law relating to the duration of the school term upon application for such waiver by a school district. Such waiver may be granted by the state board of education upon: (1) Certification by a board that, due to the persistence of inclement weather, hazardous driving conditions have existed in the school district for an inordinate period of time; and (2) a determination by the state board that the school district cannot reasonably adjust its schedule to comply with statutory requirements. Such waiver shall not exempt a school district from providing a school offering for each pupil which is substantially equivalent to that required by law.

(g) Time reserved for parent-teacher conferences for discussions on the progress of pupils may be considered part of the school term.

(h) Time reserved for staff development or inservice training programs for the purpose of improving staff skills, developing competency in new or highly specialized fields, improving instructional techniques, or curriculum planning and study may be considered part of the school term for an aggregate amount of time equal to the amount of time in excess of the school term which is scheduled by a board of education for similar activities.

(i) Boards of education may employ noncertificated personnel to supervise pupils for noninstructional activities.

[Sec. 14. K.S.A. 72-8136e is hereby amended to read as follows: 72-8136e. building in a newspaper of general circulation in the school district
at least once a week for two consecutive weeks. The final decision
either not to close the affected school building or to close the af-
fected school building at the conclusion of the school year may be
implemented unless a petition in opposition to implementation of
the same, signed by not less than 5% of the registered electors
residing within the member district of the unified school district in
which the affected school building is located, is filed with the county
election officer of the home county of the school district within 45
days after publication of the final decision. In the event such a
petition is filed, such county election officer shall hold an election
upon the question of whether such school building should be
closed. Such election shall be called within 30 days after such pe-
tition is filed and shall be held in the manner provided by law for
elections on questions submitted in the school district. All regis-
tered electors residing within the member district of the unified
school district in which the affected school building is located may vote
at the election. The board shall not close any affected school build-
ing pending any election to be held under the provisions of this
section. If a majority of those voting at such election are not in
favor of closing the affected school building the same shall not be
closed. If a majority of the votes at such election are in favor of
closing the affected school building, the board may close the af-
fected school building at the conclusion of the current school year.

[(c) In the event the attendance area in which the affected school
building is located consists of territory which is located in more than one
member district of the school district, the registered electors residing in
any precinct or precincts in which any portion of the attendance area
which is outside the member district in which the affected school building

There is imposed a tax upon all cigarettes sold, distributed or given away within the state of Kansas. The rate of such tax shall be $.24 on each 20 cigarettes or fractional part thereof or $.34 on each 25 cigarettes, as the case requires. Such tax shall be collected and paid to the director as provided in this act. Such tax shall be paid only once and shall be paid by the wholesale dealer first receiving the cigarettes as herein provided.

The taxes imposed by this act are hereby levied upon all sales of cigarettes made to any department, institution or agency of the state of Kansas, and to the political subdivisions thereof and their departments, institutions and agencies.

New Sec. 20. On or before June 30, 2001, each wholesale dealer, retail dealer and vending machine operator shall file a report with the director in such form as the director may prescribe showing cigarettes, cigarette stamps and meter imprints on hand at 12:01 a.m. on June 1, 2001. who shall credit the entire amount thereof to the state general fund.

Sec. 21. On and after June 1, 2001, K.S.A. 79-3311 is hereby amended to read as follows: 79-3311. The director shall design and designate indicia of tax payment to be affixed to each package of cigarettes as provided by this act. The director shall sell water applied stamps only to licensed wholesale dealers in the amounts of 1,000 or multiples thereof. Stamps applied by the heat process shall be sold only in amounts of 30,000 or multiples thereof, except that such stamps which are suitable for packages containing 25 cigarettes each shall be sold in amounts prescribed by the director. Meter imprints shall be sold only in amounts of 10,000 or multiples thereof. Water applied stamps in amounts of 10,000 or multiples thereof and stamps applied by the heat process and meter imprints shall be supplied to wholesale dealers at a discount of 2.65% from the face value thereof, and shall be deducted at the time of purchase or from the remittance therefor as hereinafter provided. Any wholesale cigarette dealer who shall file with the director a bond, of acceptable form, payable to the state of Kansas with a corporate surety authorized to do business in Kansas, shall be permitted to purchase stamps, and remit therefor to the director within 30 days after each such purchase, up to a maximum outstanding at any one time of 85% of the amount of the bond. Failure on the part of any wholesale dealer to remit as herein specified shall be cause for forfeiture of such dealer's bond. All revenue received from the sale of such stamps or meter imprints shall be remitted to the state treasurer daily. Upon receipt thereof, the state treasurer shall deposit the entire amount thereof in the state treasury. The state treasurer shall first credit such amount thereof as the director shall order to the cigarette tax refund fund and shall credit the remaining balance to the state general fund. A refund fund designated the cigarette tax refund fund not to exceed $10,000 at any time shall be set apart and maintained by the director from taxes collected under this act and held by the state treasurer for prompt payment of all refunds authorized by this act. Such cigarette tax refund fund shall be in such amount as the director shall determine is necessary to meet current refunding requirements under this act.

The wholesale cigarette dealer shall affix to each package of cigarettes stamps or tax meter imprints required by this act prior to the sale of cigarettes to any person, by such dealer or such dealer's agent or agents, within the state of Kansas. The director is empowered to authorize wholesale dealers to affix revenue tax
meter imprints upon original packages of cigarettes and is charged with the duty of regulating the use of tax meters to secure payment of the proper taxes. No wholesale dealer shall affix revenue tax meter imprints to original packages of cigarettes without first having obtained permission from the director to employ this method of affixation. If the director approves the wholesale dealer’s application for permission to affix revenue tax meter imprints to original packages of cigarettes, the director shall require such dealer to file a suitable bond payable to the state of Kansas executed by a corporate surety authorized to do business in Kansas. The director may, to assure the proper collection of taxes imposed by the act, revoke or suspend the privilege of imprinting tax meter imprints upon original packages of cigarettes. All meters shall be under the direct control of the director, and all transfer assignments or anything pertaining thereto must first be authorized by the director. All inks used in the stamping of cigarettes must be of a special type devised for use in connection with the machine employed and approved by the director. All repairs to the meter are strictly prohibited except by a duly authorized representative of the director. Requests for service shall be directed to the director. Meter machine ink imprints on all packages shall be clear and legible. If a wholesale dealer continuously issues illegible cigarette tax meter imprints, it shall be considered sufficient cause for revocation of such dealer’s permit to use a cigarette tax meter.

A licensed wholesale dealer may, for the purpose of sale in another state, transport cigarettes not bearing Kansas indicia of tax payment through the state of Kansas provided such cigarettes are contained in sealed and original cartons.

Sec. 22. [23.] On and after June 1, 2001, K.S.A. 79-3312 is hereby amended to read as follows: 79-3312. The director shall redeem any unused stamps or meter imprints that any wholesale dealer presents for redemption within six months after the purchase thereof, at the face value less 2.65% thereof if such stamps or meter imprints have been purchased from the director. The director shall prepare a voucher showing the net amount of such refund due, and the director of accounts and reports shall draw a warrant on the state treasurer for the same. Wholesale dealers shall be entitled to a refund of the tax paid on cigarettes which have become unfit for sale upon proof thereof less 2.65% of such tax.

Sec. 23. [24.] On and after June 1, 2001, K.S.A. 79-3371 is hereby amended to read as follows: 79-3371. A tax is hereby imposed upon the privilege of selling or dealing in tobacco products in this state
by any person engaged in business as a distributor thereof, at the rate of ten percent (10%) of the wholesale sales price of such tobacco products. Such tax shall be imposed at the time the distributor (a) brings or causes to be brought into this state from without the state tobacco products for sale; (b) makes, manufactures, or fabricates tobacco products in this state for sale in this state; or (c) ships or transports tobacco products to retailers in this state to be sold by those retailers.

New Sec. 24. [25.] On or before June 30, 2001, each distributor having a place of business in this state shall file a report with the director in such form as the director may prescribe, showing the tobacco products on hand at 12:01 a.m. on June 1, 2001. A tax at a rate equal to 4% of the wholesale sales price of such tobacco products is hereby imposed upon such tobacco products and shall be due and payable on or before June 30, 2001. The tax upon such tobacco products shall be imposed only once under this act. The director shall remit all moneys collected pursuant to this section to the state treasurer who shall credit the entire amount thereof to the state general fund.

Sec. 25. [26.] On and after June 1, 2001, K.S.A. 79-3378 is hereby amended to read as follows: 79-3378. On or before the twentieth day of each calendar month every distributor with a place of business in this state shall file a return with the director showing the quantity and wholesale sales price of each tobacco product brought, or caused to be brought, into this state for sale; and made, manufactured, or fabricated in this state for sale in this state during the preceding calendar month. Every licensed distributor outside this state shall in like manner file a return showing the quantity and wholesale sales price of each tobacco product shipped or transported to retailers in this state to be sold by those retailers, during the preceding calendar month. Returns shall be made upon forms furnished and prescribed by the director. Each return shall be accompanied by a remittance for the full tax liability shown therein, less four percent (4%) of such liability as compensation to reimburse the distributor for his or her expenses incurred in the administration of this act. As soon as practicable after any return is filed, the director shall examine the return. If the director finds that, in his or her judgment, the return is incorrect and any amount of tax is due from the distributor and unpaid, he or she the director shall notify the distributor of the deficiency. If a deficiency disclosed by the director's examination cannot be allocated by him to a particular month or months, he or she the director may nevertheless notify the distributor that a deficiency exists and state the
amount of tax due. Such notice shall be given to the distributor by registered or certified mail.

with the original construction of a building or facility, the original

place of business, it shall be conclusively determined to take place
at the customer's shipping address; if there is no item shipped then
it shall be the customer's billing address.

including refunds authorized under the provisions of K.S.A. 79-3635, and amendments thereto. Such fund shall be in such amount, within the limit set by this section, as the director shall determine is necessary to meet current refunding requirements under this act. In the event such fund as established by this section is, at any time, insufficient to provide for the payment of refunds due claimants thereof, the director shall certify the amount of additional funds required to the director of accounts and reports who shall promptly transfer the required amount from the state general fund to the sales tax refund fund, and notify the state treasurer, who shall make proper entry in the records.

(c) (1) The state treasurer shall credit $\frac{5}{98}$ of the revenue collected or received from the tax imposed by K.S.A. 79-3603, and amendments thereto, at the rate of 4.9%, and deposited as provided in subsection (a), exclusive of amounts credited pursuant to subsection (d), in the state highway fund.

The provisions of this subsection shall expire when the total of all amounts credited hereunder and under subsection (d) of K.S.A. 79-3710, and amendments thereto, is sufficient to retire the special obligation bonds issued for the purpose of financing all or a portion of the costs of such redevelopment project.

Sec. 29. [30.] K.S.A. 2000 Supp. 79-3635 is hereby amended to read as follows: 79-3635. (a) (1) A claimant shall be entitled to a refund of retailers' sales taxes paid upon food during the calendar year 1998 and each year thereafter in the amount hereinafter
provided. There shall be allowed for each member of a household of a claimant having income of $12,500 or less, an amount equal to $60 or $75.
