UPDATE: Endangered persons advisory issued for missing Haskell County woman and her children

HASKELL COUNTY – The Haskell County Sheriff’s Office requested the Kansas Bureau of Investigation (KBI) issue an endangered persons advisory for a missing woman and her two daughters from Haskell County.

The whereabouts of 23-year-old Martha Unger, and her daughters Madilynn Grace Unger, 2, and Haylie Faith Unger, 1, are unknown, and the public’s assistance is requested to help locate them.

They were reported missing from their home in rural Haskell County Friday, June 28 just before 7 p.m. It is believed Martha is driving a 2015 white Ford Explorer bearing Kansas tag 301RJY. Martha is a white female, approximately 5 foot 6 inches tall, weighing around 120 pounds. She has brown hair, and green eyes. Both girls have blonde hair and blue eyes.

Investigators believe they may have been coerced to travel to Mexico to a religious rehabilitation facility with Corney and Elizabeth Klaasen. The Klaasen’s may be driving a white and black Chevy Blazer bearing a Mexico tag. Corney and Elizabeth are in their fifties. Corney

is a male, approximately 6 foot 2 inches tall, weighing around 200 pounds. He is clean shaven and last known wearing jeans and a button-up shirt.

Investigators wish to check the welfare of Martha and her children.

If you see the subjects or vehicles connected to this endangered persons advisory, call 911 immediately. If you have any other information about this case, please call the Haskell County Sheriff's Office at 620-675-2289.
