

COSMETOLOGY PROFESION ESTABLISHMENT LICENSE APPLICATION

Newly opened; complete change of ownership; change of location.

INSTRUCTIONS

Use this application for new salons, a salon changing location or a salon completely changing ownership. If you are applying for more than one type of license (i.e. esthetics and nail technology), you must complete an application for each license type. To add or remove one or more owners do not use this application; use the [Change of Ownership Form](#).

SALON LOCATION

If there is an active salon license at the location where you would like to open your salon, one of the following requirements must be met:

Option 1: The **owner** of the active salon license returns the license to the Board marked “closed.”
You may not send the active salon license to the Board with this application. Only the current owner may send the license to the Board.

Option 2: The owner of the active salon license signs this application and authorizes you to operate the salon under their salon license; or

Option 3: The owner/manager of the building where the salon is located signs this application and states that the owner of the active salon license has vacated the premises and has no right to occupy it.

You may operate the salon prior to the compliance inspection **only if the current owner** has signed this application.

BUSINESS NAMES

Please be advised, the Board does not have the authority to dictate what business name you use for your licensure. Choosing a name that implies services outside the scope of your licensure or that is subject to copyright could result in litigation. Additionally, such use could be interpreted as misleading and/or deceptive and could result in discipline. If you have further questions or concerns about choosing a business name, please seek counsel from a licensed attorney.

OTHER BUSINESSES

If the salon is located in the same room, suite or space as another business or profession (medical office, body art, tanning, etc.) then a solid partition must separate the businesses. The partition may contain a door, but the door must remain closed during business hours. The required shampoo bowl or sink must be located in the area licensed by the Board. If the salon does not meet these requirements at the compliance inspection, the application will be denied, and you must reapply.

HOME SALONS

All salons must have a separate, **outside** entrance. The salon must be separated from living quarters by a solid partition. The partition may contain a door, but the door must remain closed during business hours. The restroom may be located in the living quarters. If the salon does not meet these requirements at the compliance inspection, the application will be denied, and you must reapply.

INSPECTION APPOINTMENT

The inspector will contact the individual designated on the application to make an appointment for the compliance inspection. A licensed practitioner must also be present at the compliance inspection. If the

appointment is missed or is canceled with less than 24-hour notice, the application will be denied, and you must reapply.

INSPECTION REQUIREMENTS

The salon must be set up and in working order at the time of the compliance inspection. If the salon does not pass the inspection, the application will be denied and you must reapply. A checklist is included in this packet for your use. Do not submit the checklist with your application. Statutes and regulations can be found on the Board's website.

SALON LICENSE

If you pass the compliance inspection, you are permitted to immediately open the salon. You will receive your license within 2 weeks of the compliance inspection. If you have not received your license after two 2 weeks, you must contact the Licensing Department.

PROCESSING TIME

The Board processes applications in the order they are received. Allow 3 weeks for your application to be processed and your compliance inspection to be scheduled and completed.

INCOMPLETE APPLICATIONS

Incomplete applications will be returned unprocessed.
