

Pursuant to K.S.A. 65-1924 a trained operator must be present during facility operating hours. The operator must be trained in the correct operation of the tanning devices used at the facility so the operator may inform and assist each user in the proper use of the tanning devices. Also, K.A.R. 69-12-7 states "a tanning facility operator shall maintain verification of training for each tanning device operator."

* Attach copy of certificate to this log and it is advised that the original certificate be posted in the facility.
